

1. List 5 career readiness skills.

Ans:

- i. Communication Skills
- ii. Technical Skills
- iii. Problem-solving skills
- iv. Time management
- v. Teamwork

2. Explain one strength and one area of improvement.

Ans:

- My Strength: I am patient and dedicated. I take time to understand new concepts properly and continue practicing until I improve.
- My Area of Improvement: I want to improve my communication skill, overcome my shyness, and build my confident, especially while speaking in front of others and attending Interviews. I will work on this by practicing regularly.

3. Write how you will improve your employability.

Ans:

I will improve my employability by learning Data Analytics skills such as Excel, SQL, and Python, working on practical projects, improving my communication skills, and preparing for interviews. I will also keep learning new technologies and gain practical experience to become ready for a good job in the IT field.
